Summary

Backend Developer with around **1+ year of experience** in building scalable, secure, and high-performance web applications. Proficient in **Node.js, Express, MongoDB, MySQL, Redis** strong focus on **REST API design, asynchronous task handling and database optimization**. Experienced in **e-commerce platforms, third-party integrations**.

TECHNICAL SKILLS

Backend: Node.js, Express.js, MongoDB, MySQL, PostgreSQL, REST APIs

Frontend: React.js, JavaScript, HTML, CSS, Bootstrap, Tailwind

Tools & Technologies: Git, GitLab, Postman, NPM

DevOps & Other Skills: Docker, Cloudflare

WORK EXPERIENCE

Phantasm Solution Pvt Ltd

Dec 2024 - Present

Backend Developer - Full Time

- Engineered scalable RESTful APIs using Node.js and Express.js, writing highly optimized code for production e-commerce operations.
- Designed high-performance database schemas for MongoDB, MySQL, and PostgreSQL, ensuring robust storage and rapid data retrieval.
- Managed core infrastructure tasks including orchestrating containerized deployments via Docker, SSL configuration, and reverse proxy binding.
- Integrated multiple third-party APIs including payment gateways, logistics (ShipStation), and subscription services.
- Built secure authentication workflows using JWT and bcrypt, enforcing robust security standards across distributed systems.

Helpy Moto

Backend Developer - Intern

Aug 2024 - Nov 2024

- Developed and maintained RESTful APIs, ensuring seamless communication between frontend and backend systems.
- Designed and optimized database schemas while collaborating with frontend developers to deliver efficient and scalable web applications.

Infosys BPM Ltd

Process Specialist

Nov 2021 - Jun 2022

Tata Motors Ltd

Purchase Executive

Dec 2018 - Nov 2021

PROJECTS

Trade Analytics (Trading Journal and many more) WIP [Link](#)

Developing **Trade Analytics**, a trading analytics backend with Brokers' OAuth integration, bulk CSV/Excel import, encrypted credential storage, trade sync/deduplication, and scalable broker adapter architecture using Node.js, Express, Prisma, and PostgreSQL.

Node.js, Express, PostgreSQL, Prisma, Next.js

Famulus Sales ERP (B2B SaaS) [Link](#)

Built a production-grade operations management system with full CRUD, pagination, and search. Designed complex PostgreSQL schemas with Sequelize ORM. Secured with Helmet.js and rate-limiting.

Node.js, Express.js, PostgreSQL, Sequelize, JWT, React, Winston

EDUCATION

Centre for Development of Advanced Computing

Post Graduation Diploma in Advanced Computing

Aug 2022 – Apr 2022

Sinhagad Academy of Engineering, Pune

Bachelors in Mechanical Engineering

May 2015 – May 2018

Amrutvahini Polytechnic, Sangmner

Diploma in Mechanical Engineering

May 2012 – May 2015
